**Dr. Joseph Mercola, D.O.**, physician, health activist, and founder of Mercola.com, a leading Natural Health Website. He is the author several books including the *NY Times* Bestseller, *The No-Grain Diet*, and *The Great Bird Flu Hoax*. Dr. Mercola advocates dietary and

lifestyle approaches to health, addressing the root cause of illness. He criticizes many aspects of standard medical practice including the overuse of prescription drugs and surgery to treat disease. Dr. Mercola has been featured in *TIME* magazine, the *LA Times*, CNN, Fox News, ABC News, The Today Show, and other major media.

**Dr Christopher Shade, PhD.** Dr. Shade obtained B.S. and M.S. degrees from Lehigh University in environmental and aqueous chemistry. Dr. Shade earned a Ph.D. from the University of Illinois where he studied

metal-ligand interactions in the environment and specialized in the environmental and analytical chemistries of mercury. During his Ph.D. work, Dr. Shade patented analytical technology for mercury speciation analysis and later founded Quicksilver Scientific, LLC to commercialize this technology. Shortly after starting Quicksilver Scientific, Dr. Shade turned his focus to the human aspects of mercury toxicity and the functioning of the human detoxification system. He has since developed specific clinical analytical techniques for measuring human mercury exposure and used his understanding of mercury and glutathione chemistry to design a unique system of products for detoxification that repairs and then maximizes the natural detoxification system.

**Dr. Ella McElwee ND, HmD, PhD** Dr McElwee is a doctor of Homeopathic and Naturopathic medicine. Nursing was where Ella began her basic education in health. Afterward, she studied in Europe, advancing into fields of nutrition. Ella is the founder and director of Health By Choice located in New Enterprise, PA and Manheim PA. Ella has

been in the clinical field of nutrition for over 30 years and has served as a nutritional counselor to many in holistic health care. In 2006 she founded Health By Choice Education & Research. Having outgrown the current Integrative healthcare facility in New Enterprise the process of expanding at the current location is underway.

**Dr. Mark Starr** is a medical doctor and homeopathic physician,

Board Certified by the American Board of Pain Medicine. He is an international speaker and the acclaimed author of *Hypothyroidism Type 2 – The Epidemic*. Dr. Starr is a medical doctor who specializes in integrative medicine, pain, hormones, and the prompt rehabilitation of acute and chronic sports injuries. He

utilizes a wide array of alternative methods that allow the body to heal itself naturally. These methods include desiccated thyroid, bio-identical hormones, nutrition, homeopathics, trigger point injections, Hans Kraus' protocols and exercises, Tennant Biomodulator, low-intensity lasers, and other energetic modalities.

**Dr. Stack DDS, MS** is a university trained orthodontist (Georgetown University) who has limited his practice in Northern Virginia to Orthodontics, Craniofacial Pain and TMJ Disorders for 47 years. He has a special interest in treating movement disorder patients, particularly teenagers and preteens.

Over the years this has developed from his ability to treat craniofacial and headache patients. He has developed quite a following of these patients. He was the Tufts' University (Boston) 2003 recipient of the “Lifetime Achievement Award” for his years of contribution to the field of Craniofacial Pain and has published peer reviewed literature on the long term results of his treatment procedures. He has lectured extensively in the United States, Canada and Europe and has dedicated his career to providing patients and professionals with the information they need to understand Craniofacial Pain and TMJ Disorders.

**Hypothyroidism" Part 1** Dr. Starr presents overwhelming evidence showing a majority of Americans suffer this illness, which is due to environmental and hereditary factors. **The health of the integument is dependent upon the thyroid.** Children's jaws will expand and their teeth will straighten after proper treatment with thyroid hormones. Laboratory testing used to diagnose hypothyroidism is inadequate, and current treatment for hypothyroidism is relatively ineffective. Groundbreaking research shows how persistent environmental toxins prevent thyroid and other hormones from working properly.
